VNS Health has been awarded two new grants from The Mother Cabrini Health Foundation, including a \$1.5 million multi-year grant to expand the VNS Health Nurse Residency Program, and a second grant of \$300,000 to support VNS Health's Veterans Program. The award-winning VNS Health Nurse Residency Program provides in-depth, innovative training to nurses newly entering the home health field. This \$1.5 million in funding will play a critical role as the nonprofit continues to boost recruitment efforts. The second grant of \$300,000 will play an important part in supporting the VNS Health Veterans Outreach Program, which works to connect veterans with community resources, providing families with a dedicated Veteran Liaison who helps them navigate available benefits. Program team members include several veterans, who are knowledgeable of physical and mental health challenges faced by aging veterans. The VNS Health Veterans Outreach team also provides support to military families and loved ones.
